FOR IMMEDIATE RELEASE

Eastbound State Route 116/Lakeville Lane Night Closures September

Petaluma- Caltrans will close eastbound State Route 116/Lakeville Highway on Thursday, September 7 and Friday, September 8 from 8pm until 5am the next morning. Crews will be constructing falsework over the roadway.

A detour is available. From eastbound 116/Lakeville Highway, travel south on U.S. 101 to Petaluma Boulevard, exit, loop around, and then take eastbound 116 exit.

When the project is completed, the new bridge will have three 12-foot wide lanes and 10-foot wide shoulders. The third lane will be an auxiliary lane dedicated to the southbound U.S.101 on-ramp traffic from State Route 116/Lakeville Highway. This will give the entering traffic a dedicated lane for acceleration prior to merging with traffic at the Petaluma River Bridge.

This is an \$11 million project scheduled for completion in December 2006
